

Asphalt Master Contract information

Through the Procurement Department, Roads and Grounds manages an asphalt Master Contract that, with consultation and coordination from Roads and Grounds, can be used by Div/Sec/Cen and their Task Managers. This work would be funded by the requesting Div/Sec/Cen. In addition to asphalt repairs, this contract can be used to repair drainage systems including repairs or replacement of culverts and catch basins within the Div/Sec/Cen boundary of responsibility (immediate to structures, walkways, parking lots etc.)

Below are some basic pricing guidelines for asphalt repair:

Asphalt Contract Base Prices

2" asphalt overlay	\$10.00 per square yard
1" grind and remove	\$3.64 per square yard
asphalt cut/remove and patch	\$31.51 per square yard
parking lot striping	7.00 per stall
route/crackfill/sealcoat	\$1.25 per square yard
